c. *Vicar of Bray*, one who readily changes his principles to suit the times or circumstances.

Bray is the village of that name near Maidenhead in Berkshire. According to Fuller (see ref. below) the 'vivacious vicar' held the benefice from the reign of Henry VIII to that of Elizabeth, and was twice a Papist and twice a Protestant. In the later song, to which the currency of the phrase is mainly due, the sovereigns under whom the vicar successively changes his religion and politics are those from Charles II to George I.

Vice- (vəis), *prefix*, representing L. *vice* in place of: see prec. Originally this governed a following word in the genitive, but in late L. the tendency to use the phrase as a compound noun appears in *vicequæstor* (equivalent to *prōquæstor* of analogous origin). In med.L. such formations became common, as *vicecomes, -consul, -decanus, -dominus, -princeps, -rector, -rex*, etc. From the 13th cent. onwards a number of these appear in OF., at first usually with the prefix in the form of *vis-, vi-*, but latterly assimilated as a rule to the Latin original. Similar compounds with *vice-* are also employed in It., Sp., and Pg. The older examples in English, having been taken immediately from French, also present the prefix in the reduced forms *vis-* (*vys-, viz-*) and *vi-* (*vy-*), subsequently replaced by *vice-* (also in early use *vize-*) except in VISCOUNT. The more important compounds are given below as main words; the following are illustrations of less usual or more recent terms.

a. With personal designations, especially titles of office, indicating that the person so called acts temporarily or regularly in place of, in the absence of, or as assistant to, another who properly holds the office or bears the title or name, as *vice-abbot, -agent, -Apollo, -apostle, -architect*, etc. Also occas. *transf.*, as *vice-nature*.

In the dictionaries of Florio and Miége many examples of similar forms are employed to render the Italian and French equivalents, e. g. *vice-captain, -cardinal, -censor, -commissary*, etc.

Viking (vəi·kiŋ). *Hist.* Also vikingr, -er, -ir; wiking, wicking. [ad. ON. and Icel. *víking-r* (whence also Norw., Sw., Da. *viking*, G. *wiking*), = OE. *wícing*, OFris. *witsing*, *wising*. Cf. also ON. and Icel. *víking* fem., the practice of maranding or piracy.

The ON. word is commonly regarded as f. *vík* creek, inlet, bay, + *-ingr* -ING [2], a viking thus being one who came out from, or frequented, inlets of the sea. The name, however, was evidently current in Anglo-Frisian from a date so early as to make its Scandinavian origin doubtful; *wícingsceaða* is found in Anglo-Saxon glossaries dating from the 8th century, and *sæ-wícingas* occurs in the early poem of Exodus, whereas evidence for *víkingr* in ON. and Icel. is doubtful before the latter part of the 10th cent. It is therefore possible that the word really originated in the Anglo-Frisian area, and was only at a later date accepted by the Scandinavian peoples; in that case it was probably formed from OE. *wíc* camp, the formation of temporary encampments being a prominent feature of viking raids.]
